# Why ISM?

For more than 30 years, the International School of Management (ISM) has established itself as **one of Germany's leading business schools**. As a privately-funded, state-approved University of Applied Sciences, we specialize in **preparing young people for management roles** in both national and international companies.

At ISM, we foster a personal learning environment through **small study groups**, enabling close interaction between students and professors. All ISM lecturers are **industry experts** with real-world management

experience. Our Career Center supports you in **developing your individual talents and ideas**, aligned with your professional goals. One of the advantages of studying at ISM is the opportunity to build **a strong international network**.

Our student working groups, in collaboration with our alumni and experienced members of the board of trustees, provide an extensive platform for networking, enabling you to establish **valuable connections within the business world**.

## International

- German language courses

# International Business Certificate

Are you looking to experience a semester abroad at a renowned German university? If so, the ISM International Business Certificate program is an excellent fit for you. This program enables you to attend business classes in English and earn ECTS credits while at ISM. Individual support and academic guidance are integral components of this program, ensuring a comprehensive and enriching experience during your time abroad.

The program consists of **six courses, each carrying 5 ECTS credits**. Consequently, students enrolled in the ISM Business Certificate program can earn a total of **30 ECTS credits in a single semester**. A **prerequisite** for enrollment is proficiency at the B2 level of English.

The ISM Business Certificate is available at **six ISM campuses**:

- Dortmund, Frankfurt, Berlin: spring or fall semester
- Munich, Hamburg: fall semester only
- Cologne: spring semester only

Recognizing that studying abroad is a significant decision, we are committed to **providing a supportive environment** where you can not only excel academically but also experience **personal growth** and explore new horizons.

Furthermore, we offer a comprehensive online course package that allows you to earn 30 ECTS credits entirely online.

## Dortmund

Otto-Hahn-Straße 19  
 44227 Dortmund

The campus in Dortmund was founded in 1990 and, with around 670 students, is ISM's largest location. It is surrounded by a thriving technology park and only 15 minutes from the city center.

In recent years, Dortmund has developed from a former coal and steel center into a booming location for modern technologies. As the largest city in Westphalia and the Rhine-Ruhr metropolitan region, Dortmund is one of the most dynamic cities representing the new economy in Germany.

## Hamburg

Brooktorkai 22  
 20457 Hamburg

The Hamburg campus was opened in September 2010. 520 students are currently studying in our two modern buildings at the Hafencity. The city center and the main railway station are only a ten-minute walk away.

Whether you are looking for a cosmopolitan metropolis or the rough hanseatic charm, Hamburg combines many facets. As cultural and economic center of Northern Germany, Hamburg's structure is characterized by the service sector, in which around three quarters of all employees are working.

## Cologne

Im MediaPark 5c  
 50670 Cologne

Since 2014, ISM has had a campus in Cologne. Currently, 380 students are studying at the ISM campus, not far from the Hansaring S-Bahn station. Cologne is one of the most important business hubs in Germany and impresses with its convenient location. Its tradition as center for trade and industry goes back to the Roman Empire. In recent decades, the region has been able to expand its position as a service and logistics center and to build up a special reputation as an innovative media city.

## Frankfurt/Main

Mörfelder Landstraße 55  
 60598 Frankfurt/Main

The Campus Frankfurt/Main opened in 2007 and is located in Sachsenhausen, two underground stations away from the city center. 620 students are currently enrolled here.

Frankfurt is the city with the highest job density in Germany and an important European financial and service center. It also has other important industries such as creative businesses, IT and telecommunications, biotechnology or life sciences, logistics and industry.

## Munich

Karlstraße 35  
 80333 Munich

The Munich campus has been located in the Karlshofen since 2009. It is close to the Königsplatz and easy to reach from the main station.

The 610 students in Munich particularly appreciate the contrasts that unite in the Bavarian capital – cosmopolitan young people and traditions, urban atmosphere and rural charm. Important economic sectors in Munich are for example tourism, vehicle construction or electrical engineering. In addition, the city is of nationwide importance as a media location.

## Berlin

Hauptstraße 27  
 10827 Berlin

Since September 2019 the ISM has also been represented with a campus in Berlin. Around 260 students are currently studying at the campus, which is located in the heart of Berlin Schöneberg and combines culture, cosmopolitanism and innovation.

As the capital of Germany, Berlin is an important international economic and political center. The city thus attracts companies from all industries.
